# POLLY

Polly is an all-weather outdoor speaker, with 240° or 360° dispersion, featuring a 10" buried subwoofer with integrated 12V LED dimmable light. It is constructed in aluminum and uses only stainless steel screws becoming the ideal solution for areas with extreme climate. Besides its 8 color options, it is possible to order different LED temperatures or use dark diffusers. The exterior cabinet color can also be customized or laser engraved. With a wide coverage reaching up to 3.000sqft, it uses ADA, Array Driver Alignment for an incredible dispersion.

## SPECIFICATIONS

### Placement Options

Buried (inferior cabinet)

### Use

Outdoor

### Enclosure

Aluminum 4th order bandpass | sealed

### Recommended Amplifier

120W HPF 360° model

80W HPF 240° model

200W LPF Subwoofer

### Driver

10" Subwoofer:

240°: 4x 3" full range

360°: 6x 3" full range

### Impedance

4.0 ohms on sub

8.0 ohms on 240° model

5.3 ohms on 360° model

### Frequency Response

39Hz - 20 KHz (-3dB)

### Sensitivity

91dB @45Hz SPL 2,83V/1m

### Lighting

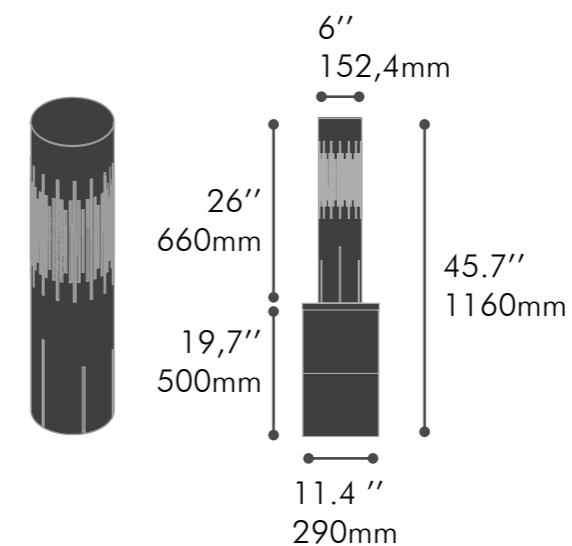

Yes | PWM Dimmable | 12V 3A |

Warm and Natural White all or Black Acrylic

### Weight

36,99 lbs | 16.78 Kg
