ALL ABOVE MENTIONED MODELS ARE PRICED FEATURING THIS HANGING SYSTEM

The hanging steel cable is the perfect solution to mount the speaker by using a really sleek system, which combines the supporting steel and the audio and light cable.

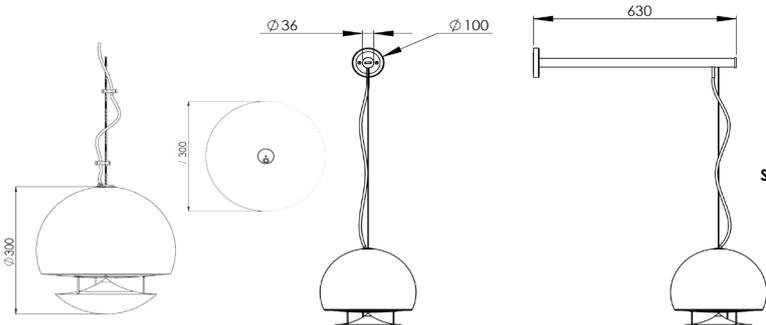

The Hanging Steel Cable system

The dowel screws are only indicative

The hanging steel cable is supplied with the Ceiling Rose (matt black is the standard version), which allows you to hang the loudspeaker like a standard suspended lamp (see drawing here).

**** Hanging Spherina_Air is the responsibility of the installer. Providing a second anchoring system is highly recommended. For any further details, please refer to the Architettura Sonora's Instruction Manual**

A.S. • PALETTES

EXCLUSIVE UNIQUENESS

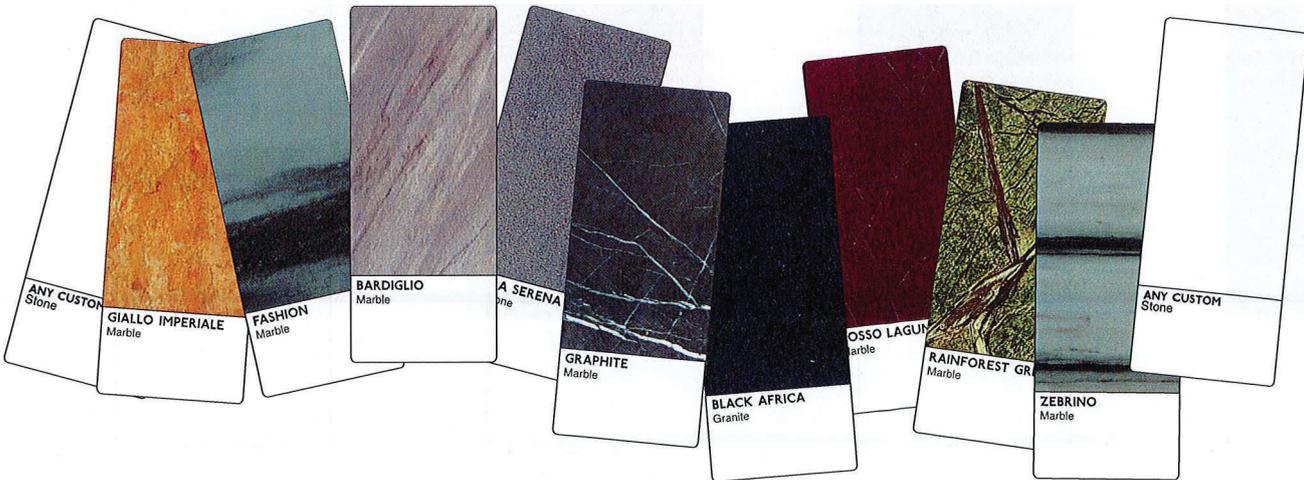

Please note that these palettes must be considered as reference; the delivered item may look slightly different being many the things affecting the ultimate graining and coloration of natural stone and terracottas, such as underground springs, mineral deposits, earth shifts, temperature, natural solutions in the earth and pressure.

Enjoy **A.S. EXCLUSIVE UNIQUENESS**, we really feel proud about. It is not just about the product, each A.S. sound module is a very special and inimitable piece of **Sound Art**.

BASIC Stones

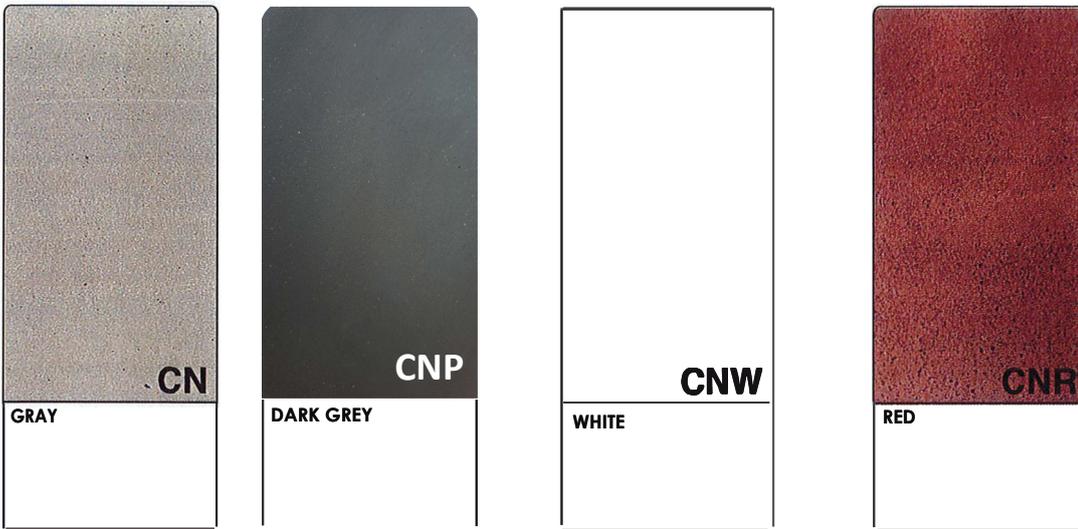

PREMIUM Stones

All stones not included in the "**Basic**" family are considered "**Premium**". Please verify with A.S. staff the availability and prices of ANY stone. The above mentioned variations are just a reference, but we will do our best in order to meet any needs of personalization and customization for your special projects.
