

In-Cabinet Slide Out Rack

No more breaking your back to reach the back of the rack. Strong's In-Cabinet Slide Out Racks are available in 8U to 42U sizes. Slide the rack out 19" and lock it in place or flip it around 180° for easy access during installation or maintenance. Sturdy, sag-free rails support up to 300 lbs. of equipment. Keep your installation cool and organized with integrated wire management and mounting points for rack fans.

Slide Out for Easy Access

With the press of a pedal, you can slide the entire rack out 19" and lock it in place. Press the second pedal for 180° of swivel with three locking positions, 60°, 90° and 180°, to easily access equipment during installation and maintenance.

Robust and Durable

This rack can carry up to 300lbs of weight and is built of premium steel hardware to support all your gear for the toughest jobs. Supports all your equipment without sagging, protecting your cabinetry from dings during installation.

Thoughtful Cable Management

When paired with the optional rack top, wire management is made easy to keep your rack organized for a sleek and neat install.

More Capacity for Every Project

Multiple sizes, ranging from 8U to 42U, ensure you have the proper fit for your cabinet. An updated slide-out design eliminates the need for a separate pull-out swivel base, so there's no wasted space.

Stay Cool

Optional top helps keep your equipment cool even in tight, enclosed spaces with 120mm cooling fan mounting points and cable management knockouts built in for a clean and neat installation.

In-Cabinet Slide Out Rack

A durable option for cabinet installs with slide out and swivel functionality that makes it easy to access and maintain equipment.

- Locking 19" slide out and 180° rotation to easily install or access equipment
- 300 lb. capacity for a safe and durable install
- Multiple sizes, from 8U to 42U

SR-CAB-SLIDE-TOP

Strong creates pro-quality gear for light commercial or residential applications. Use this optional rack top to finish off your in-cabinet slide-out rack installation. Precut knockouts allow you to easily manage cables and create organized, optimized installs. Keep your equipment cool with predrilled mounting points to add rack fans.

- Pairs with the Strong Slide-Out In-Cabinet Racks
- Professionally finish your rack install
