

## Wirepath Plastic Enclosures

Thank you for purchasing a great product from Wirepath Structured Wiring. The Wirepath Plastic Enclosure is designed to provide the most flexibility for your equipment installation.

	WP-ENCL-30	WP-ENCL-42
Hardware Pack	1	1
Grommets	6	6

### A- Conduit Entry

- The 1.75" knockouts on the top and bottom accommodate 1.25" conduit.

### B- Platform Attachment Slot

- (8) Attachment points on the 30", (12) Attachment points on the 42"

### C- Module Attachment Holes

### D- Enclosure Mounting Locations

- Drive screws into the open screw slots located along the sides of the enclosure.

### E- Surface Mount Holes

### F- Removable Conduit Knockout Panel & Single Gang Knockouts

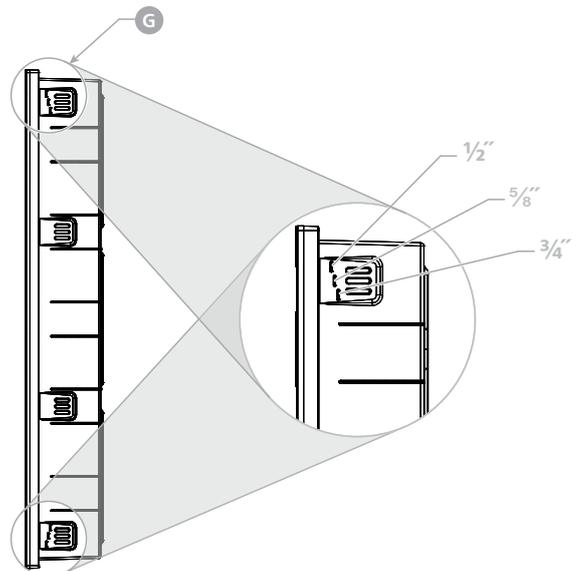

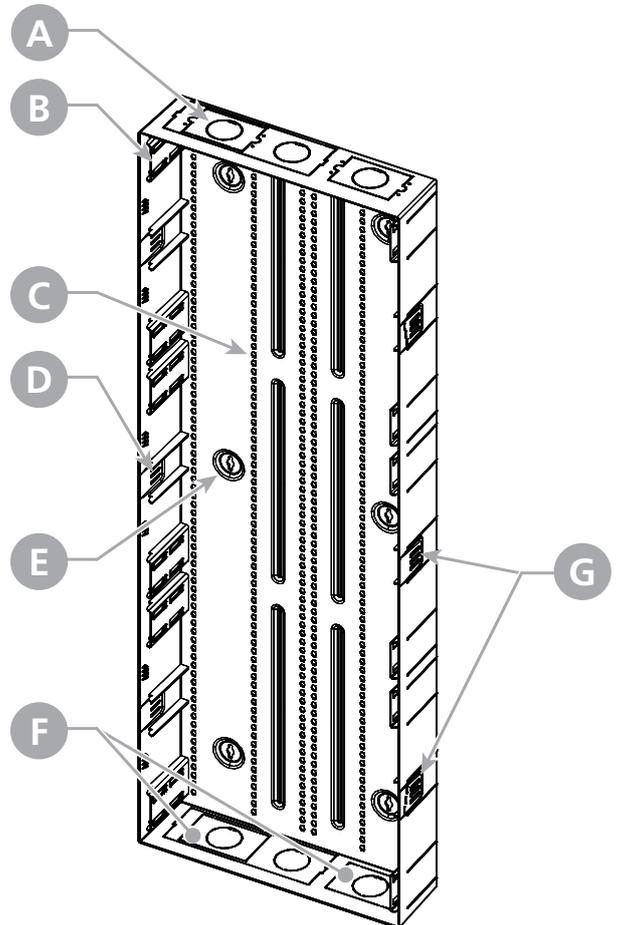

- Large panel for Wattbox. Follow the installation instructions included with the WB-200-VB (sold separately).

### G- Drywall Markings

- Drywall hole markings indicate 1/2", 5/8", or 3/4" depths.
- Standard hole track at the center allows for easier installation once in place.

**Note:** Once installed, place the protective drywall cover on to protect the enclosure during drywalling.

\*Hardware Pack and grommets not shown

**WARNING: ELECTRICAL SHOCK HAZARD!** Cutting or drilling into electrical wires or cables can cause death or serious personal injury! ALWAYS make certain the area behind mounting surfaces is free of electrical wires and cables before cutting, drilling, or installing fasteners.

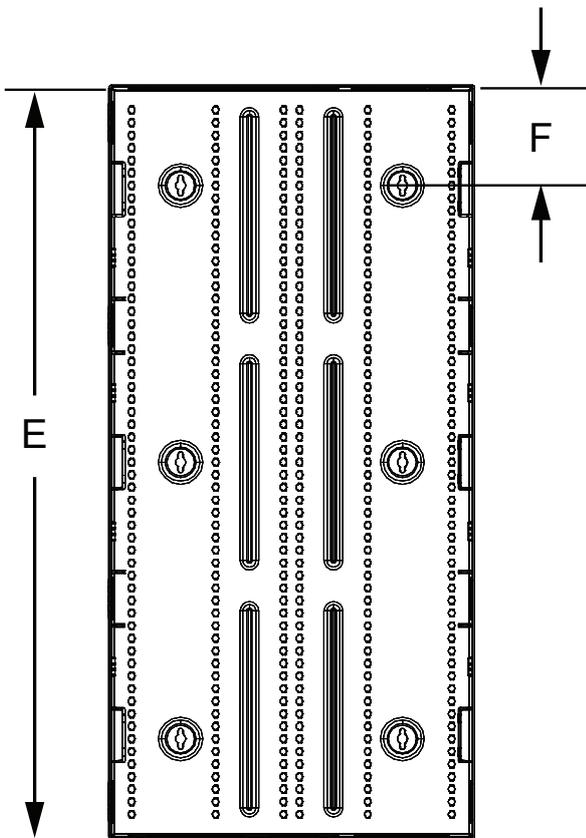

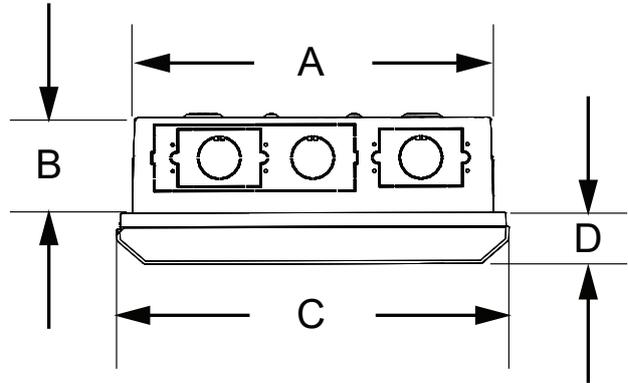

**DANGER: IMPROPER WIRING CAN LEAD TO DEATH OR SEVERE PERSONAL INJURY!** Grounding must be installed by qualified personnel using a UL Recognized No. 12 AWG Green and Yellow grounding wire connected to the grounding lug on the enclosure. Proper grounding of the unit should be verified by a qualified electrician and compliant with the National Electrical Code.
