WIREPATH
STRUCTURED WIRING

Plastic Makes Perfect

Wirepath Plastic Enclosures are more than a box - they allow your home and office to run smoothly every day. With ample space for proper equipment organization and UL-Listed ABS plastic for a consistently strong Wi-Fi signal, Wirepath delivers on the little things that make a big difference.
Strong Wi-Fi Signals

Molded with UL Certified ABS plastic, Wirepath Plastic Enclosures eliminate Wi-Fi interference for consistent internet speeds throughout the property, maximizing signal strength to maintain download speeds.

The Perfect Fit

With additional storage options, a space-saving door, and a low-profile power source, you'll have plenty of space for everything you need without cluttered equipment.

Smooth-Running System

Wirepath Plastic Enclosures are compatible with WattBox IP Power Conditioners, so if you have a problem with your system, your installer can resolve the issue without coming to your property, eliminating technician appointments and ensuring a quick resolution.
