## CINEMA REFERENCE LCR2

IN-ROOM OR ON-WALL

Triad's Cinema Reference LCR2 speakers are the pinnacle of audio engineering, created specifically for the finest audiophile home theaters and high-resolution screening rooms. The Cinema Reference LCR2 produces extraordinary theater acoustics through high SPLs, stunning power, and controlled precision. It rivals commercial cinema sound with its Diffraction Control Technology (DCT)<sup>™</sup> framework, Triad-developed waveguides, and proprietary folded-ribbon tweeters.

Its premium components and design achieve elevated efficiency, ultra-enhanced resolution, high-fidelity audio, and unparalleled output. Both traditional and Atmos surround systems utilize this speaker's full-range performance, articulating high frequencies with finesse and executing deep tones with clear vibrancy, without overpowering other audio aspects.

In an industry of generic, mass-produced products, Triad combines craftsmanship and customization in every order. Triad's Cinema Reference LCR2 transcends the boundaries of its industry, mastering the intricacies of speaker sound to bring Hollywood to your home theater.
