

VSSL

SX SERIES

SPEAKER | SOUNDBAR | SUBWOOFER

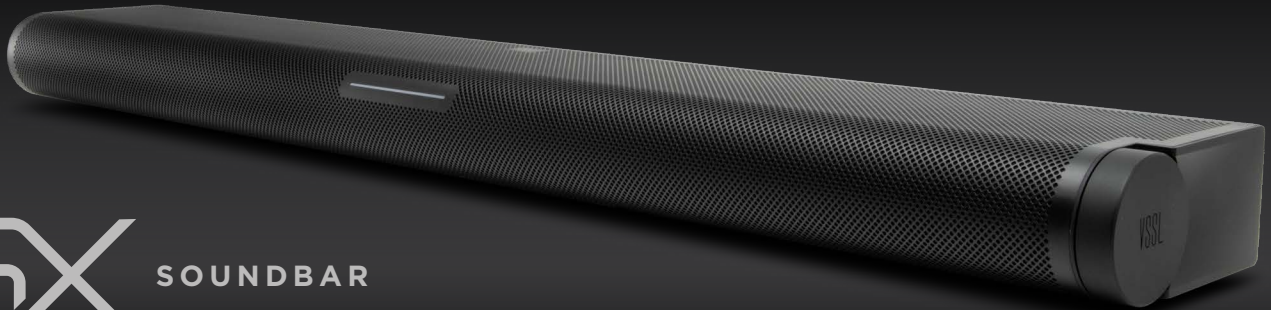

VSSL introduces the latest in-home audio enjoyment with the SX series - a wireless 5.1-channel configuration utilizing the latest technology in audio to bring your TV and music to life. The SX Series is designed to bring the movie theater and music concert experience directly to your home. The system is sleek and powerful - with a soundbar, subwoofer, and 2 surround sound speakers enveloping you in your sound experience. Although this system is made to seamlessly work together - the SX speakers, subwoofer, and soundbar can also be utilized individually. The SX Series utilizes many of the other features of our VSSL devices - such as Airplay 2 and Siri, Chromecast Built-In and Google Assistant, Alexa Cast and Alexa, Spotify Connect, Bluetooth; and more!

SET YOUR MUSIC FREE™

VSSL

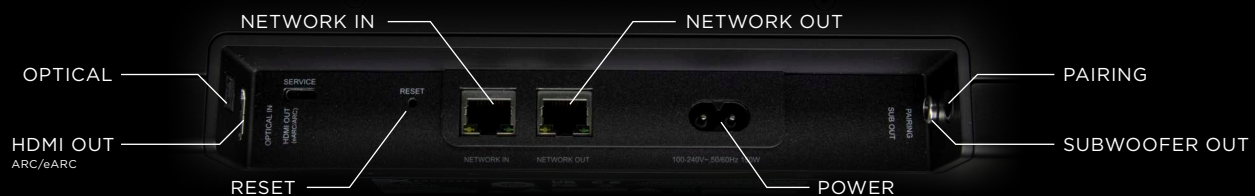

SX SOUNDBAR

- Dolby Digital Certified.
- Wirelessly pair an SX Soundbar with 2 or 4 SX speakers and an SX Sub to create an expandable 5.1 surround sound experience.
- Wirelessly pair an SX Soundbar with any amp and in-ceiling speakers via the SX Sync for in-ceiling Dolby Digital surrounds.
- 3" BMR Drivers - Balanced Mode Radiators (BMRs) combine bending wave mode technology with pistonic motion to create full audio range, wide directivity speaker drivers for crystal clear highs and lows.
- Native Streaming is the simplest way to stream your music to your audio system. Stream from apps you already know. No 3rd party apps necessary. Airplay 2, Google Cast, Spotify Connect.
- Compatible with Google Assistant and Siri voice control.
- HDMI eARC/ARC Compatible (Optical as well).
- Single RCA LFE output connection for use with hardlined 3rd party subwoofers.
